UNIVERSITY PROJECTS

Ride with Guide

- Ride with Guide is a platform connecting passengers, travel agencies, and drivers, allowing personalized tour bookings based on budget, health, or season. It offers features like a wishlist, real-time updates, and profile-based recommendations.

Pak E-Commerce Store

- A React.js-based e-commerce platform allowing users to browse products, add items to the cart, update or delete them, and view cart bookings seamlessly.

Artistic - Creative Digital Agency

- Built with HTML, CSS, and JavaScript, this website showcases a digital marketing agency services and case studies, providing a visually appealing and user-friendly experience.

Video Calling using Agora Intregation with React

- Developed a real-time video calling app using React.js and Agora SDK, enabling call requests via unique user IDs with accept/reject, mute/unmute, and end-call features for seamless communication.
